**SIGMAPRINT TECHNOLOGIES LTD ANNOUNCE EXPANSION PLANS AND
NEW \$500,000.00 DEAL TO SUPPLY ITS RECENTLY RELEASED
MICROFLEX SCREEN PRINTERS TO CEE AND ITS WORLD WIDE SALES
AGENCIES.**

Portland, Dorset. 1/8/2003 – SigmaPrint Technologies Ltd announces that due to the demand of the new MicroFlex Screen Printer it is expanding its production facility in Weymouth.

Keith Hansford, Managing Director stated, “Due to the continued growth in our core business and as a result of recent machine orders we have found it necessary to expand to larger premises. This is great news for our customers, as the new facility will enable us to stock an even greater range of spare parts for the SMTech range of machines as well as the new MicroFlex printer”.

As the authorised service provider SigmaPrint have all software, original drawings and authority to support this range of machinery.

In light of recent events within the industry we would also like to reassure all of our customers that the support of the SMTech Equipment will continue as normal and to be assured of our full support at all times.

Please note that from the 1ST SEPTEMBER 2003 our new contact numbers will be TEL: +44(0)1305 766777 and FAX: +44(0)1305 766999
